

HOLDER-ER

HOLDER WITH A PLUG-IN CABLE FOR BATTERIES ER34615

Holder for **ER34615** batteries. The HOLDER-ER is designed to be installed in older versions of the **ASP-200**, **ASP-100** or **MSP-300** alarm sirens, which originally used the **BAT-ER-3.6** battery fitted with its own plug-in cable.

Note – the latest versions of the alarm sirens are already factory-fitted with the HOLDER-ER.

- for ER34615 battery
- application: **ASP-200**, **ASP-100** and **MSP-300** alarm sirens originally designed to be powered with the **BAT-ER-3.6** battery
