

## **HOLDER-ER**

## HOLDER WITH A PLUG-IN CABLE FOR BATTERIES ER34615

Holder for **ER34615** batteries. The HOLDER-ER is designed to be installed in older versions of the **ASP-200**, **ASP-100** or **MSP-300** alarm sirens, which originally used the **BAT-ER-3.6** battery fitted with its own plug-in cable.

Note – the latest versions of the alarm sirens are already factory–fitted with the HOLDER–ER.

- for ER34615 battery
- application: ASP–200, ASP–100 and MSP–300 alarm sirens originally designed to be powered with the BAT–ER–3.6 battery
