

INT-KLCDR-BL

LCD KEYPAD FOR INTEGRA CONTROL PANELS

LCD keypads are intended for daily operation of the **INTEGRA** systems. With the display showing text messages, even advanced functionalities of the alarm control unit are simple and convenient. In addition, with the built-in proximity card reader, the system can be used without a password. The keypad is available in two versions with different keyboard and display backlight color: white (**INT-KLCDR-W**) or blue (**INT-KLCDR-BL**).

- keypad and display backlight
- LEDs for system state indication
- keypad hold-down PANIC, FIRE and AUX alarms
- buzzer for acoustic signaling
- two zones expansion
- panel communication loss indication
- RS-232 for supervision and management applications
- **GUARDX**
- proximity card reader

TECHNICAL DATA

Environmental class	II
Supply voltage	12 V DC
Enclosure dimensions	140 x 126 x 26 mm
Operating temperature range	-10...+55 °C
Standby mode current consumption	60 mA
Max. current consumption	156 mA
