

B-4M

GATE MAGNETIC CONTACT (METAL HOUSING)

Magnetic contacts are basic elements of a perimeter protection system. Medium-size **B-4M** tight magnetic contacts in a metal housing are designed for surface mounting. The metal screen protects the wiring against damage, which makes these contacts a perfect solution for locations particularly vulnerable to sabotage attempts or mechanical exposure. These contacts are screwed to a surface and provide an ideal solution for garage gate installation.

- surface mounted (screw mount)
- rugged, metal sealed body
- armored cable

TECHNICAL DATA

Operating temperature range	-10...+55 °C
Weight	238 g
Maximum humidity	93±3%
Make distance	75 mm
Break distance	80 mm
Dimensions magnet enclosure	102 x 15 x 15 mm
Environmental class according to EN50130-5	II
Reed switch enclosure dimensions	102 x 35 x 10 mm
Bracket dimensions	107 x 50 x 50 mm
